Book Swap

Have books piled in a corner gathering dust? We have a mini library here in the Clubhouse for residents to swap books. Always nice on a cold winter's night...

MAINTENANCE MATTERS

If you're typically home during the day and hear/see the plow trucks coming through, moving your vehicle into your garage or next to the garages would be extremely helpful. If there's a particularly heavy snow, Denali will come back the day after they plow to scrape the snow next to the sidewalks and clean up areas they weren't able to get to-so rotating/moving your vehicles is appreciated!

Also, it is extremely important to notify the office if you fall on the ice (or "almost" fall) so Denali can return to the property. Thank you for your assistance!

2012 PREMIER PLACE "PET OF THE YEAR"

...and the winner is... $JET! \rightarrow$

Jet is a fun-lovin, let'sget-runnin Poodle who enjoys play time with owners Sue & Robert and buddy Gunner.

Thanks for making us smile!

HAPPY VALENTINE'S DAY!

BLOG

Any amateur or professional photographers out there? We would love to post some of the best winter photos from the area on the blog. Submit pics to the email address above with a brief description of where it was taken, what inspired you, etc.

With that said. any other interesting material, such as recipes, short stories, how-to winter projects and such are appreciated-really need to get creative after the Superbowl is

over! :0
