

their pet--**NO EXCEPTIONS!** (And if you have someone else taking care of your pet, please inform them of the rules!) *If necessary*, the area behind the garages (along the road) may be used with care to avoid plantings and the garage siding. Pet waste must be stored in bags in trash receptacles and *not left next to the garages.*

### ***And speaking of lurking. . .***

If you see any solicitors, if they come knockin' or if material is left on your door, contact the office immediately--they are not allowed here.

## **PARKING**

Reminder, especially for Buildings 1500 and 1508: There is ample parking along the side of the Clubhouse for guests. Also, residents are required to register vehicles of overnight guests staying longer than one week.

## **PREMIER'S VERSION OF "ANGIE'S LIST"**

Looking for someone to remodel your kitchen, paint your unit, wash your windows, fix your washer, etc. *at a reasonable price?* I have names of trusted/licensed individuals that have helped me with all sorts of maintenance-related issues, and I'm happy to pass these names on to you.

If you have special skills that you would like to make known to our community, feel free to drop me a line with your info!

It's hard to believe Memorial Weekend is less than a month away. We're working to get the pool ready and hoping the weather cooperates--no more snow please!

Feel free to email or call with any questions, and enjoy the warmer weather!

*Diane*
